*Innovative Teaching and Learning Methods in Educational Systems* Endah Retnowati 2019-11-11 This proceedings volume of InCoTEPD 2018 covers many ideas for handling a wide variety of challenging issues in the field of education. The outstanding ideas dealing with these issues result in innovation of the system. There are many innovation strategies resulting from recent research that are discussed in this book. These strategies will become the best starting points to solve current and future problems. This book provides an in-depth coverage of educational innovation developments with an emphasis on educational systems, formal or informal education strategies, learning models, and professional teachers. Indeed, those developments are very important to be explored for obtaining the right way of problem-solving. Providing many ideas from the theoretical foundation into the practice, this book is versatile and well organized for an appropriate audience in the field of education. It is an extremely useful reference for students, teachers, professors, practitioners, and government representatives in many countries.

*Steel and Its Heat Treatment* Karl-Erik Thelning 2013-10-22 Steel and its Heat Treatment: Bofors Handbook describes the fundamental metallographic concepts, materials testing, hardenability, heat treatment, and dimensional changes that occur during the hardening and tempering stages of steel. The book explains the boundaries separating the grain contents of steel, which are the low-angle grain boundaries, the high-angle grain boundaries, and the twinning boundaries. Engineers can determine the hardenability of steel through the Grossman test or the Jominy End-Quench test. Special hardening and tempering methods are employed for steel that are going to be fabricated into tools. The different methods of hardening are manual hardening for a small surface (the tip of a screw); spin hardening for objects with a rotational symmetry (gears with 5 modules or less); and progressive hardening (or a combination with spin hardening) for flat surfaces. The hardening and tempering processes cause changes in size and shape of the substance. The text presents examples of dimensional changes during the hardening and tempering of tool steels such as those occurring in plain-carbon steels and low-alloy steels. The book is a source of reliable information needed by engineers,

tool and small equipment designers, as well as by metallurgists, structural, and mechanical engineers.

*Dancing Out of Bali* John Coast 2012-05-22 "If you know where to look, you can still discover and recognize what it was that intoxicating John Coast fifty years ago." –Sir David Attenborough This book is one of the great classics about Bali, now with dozens of illustrations and photographs. Dancing out of Bali is a fascinating personal account of a young Englishman who settled in a small house in Bali in the midst of the political turmoil that griped post-war Indonesia. There, he immersed himself in Balinese culture and made ambitious plans to bring a troupe of Balinese dancers and musicians to Europe and America. The book relates John Coast's daring and remarkable adventure that took him from revolution in Indonesia to the footlights of London and Broadway. Within a few weeks, the troupe had captured the hearts of audiences. Here are photographs of Bali and stories of the performer's magic island and of the enchanting dancers, including the beautiful 12-year-old Ni Gusti Raka. She became a star overnight and delighted audiences everywhere during the troupe's triumphant tour. It is also a story of Balinese culture and life in Bali—following the devastating Japanese occupation—of music and dancing in Bali, of many of the island's great performing dancers and musicians, *Absolute Fear* Lisa Jackson 2008 When a series of brutal ritual slayings is linked to Our Lady of Virtues Hospital, Eve Renner, whose past is tied to this old asylum, must learn to trust her former lover Cole Dennis, who had been accused of attempted murder, when she becomes the killer's next target. Reprint.

*The Original Dream* Nukila Amal 2017-01-01 For Maya, history is like a dream, and her dreams are like a history of her life and how it relates to others. Effortlessly defying and calling into question time and space, Maya inhabits fantastical realities filled with shamans, romantic longing, a daughter's struggles, and a flying dragon. Lyrically flowing between Maya's multiple realities, *The Original Dream* is the story of a young independent Indonesian woman trying to break free from cultural and social conventions while also searching for her place among family and friends. With guidance from her parents, coworkers, and sister, along with a newborn filled with the wisdom of elders, Maya navigates her perceptions, looking for answers to unknown questions. Whether soaring

through the nighttime sky, caring for her nephew, or tending to guests at the hotel where she works, she tries to delineate the difference between dreams and reality and if such a difference even matters. "

The Palaeolithic Origins of Human Burial Paul Pettitt 2013-08-21 Humans are unique in that they expend considerable effort and ingenuity in disposing of the dead. Some of the recognisable ways we do this are visible in the Palaeolithic archaeology of the Ice Age. The Palaeolithic Origins of Human Burial takes a novel approach to the long-term development of human mortuary activity – the various ways we deal with the dead and with dead bodies. It is the first comprehensive survey of Palaeolithic mortuary activity in the English language. Observations in the modern world as to how chimpanzees behave towards their dead allow us to identify ‘core’ areas of behaviour towards the dead that probably have very deep evolutionary antiquity. From that point, the palaeontological and archaeological records of the Pliocene and Pleistocene are surveyed. The core chapters of the book survey the mortuary activities of early hominins, archaic members of the genus Homo, early Homo sapiens, the Neanderthals, the Early and Mid Upper Palaeolithic, and the Late Upper Palaeolithic world. Burial is a striking component of Palaeolithic mortuary activity, although existing examples are odd and this probably does not reflect what modern societies believe burial to be, and modern ways of thinking of the dead probably arose only at the very end of the Pleistocene. When did symbolic aspects of mortuary ritual evolve? When did the dead themselves become symbols? In discussing such questions, The Palaeolithic Origins of Human Burial offers an engaging contribution to the debate on modern human origins. It is illustrated throughout, includes up-to-date examples from the Lower to Late Upper Palaeolithic, including information hitherto unpublished.

*A-HA! Performance* Douglas Walker 2013-01-03 Praise for A-HA!

Performance "Since I wrote Choice Theory many years ago, I have come to the conclusion that there is only one major human problem: we have yet to figure out how to get along well with each other. In this book, Walker supports this conclusion with humor, creativity, and great insight.

Managers who both follow his suggestions and teach them to those they manage will be rewarded with a happy and profitable workplace. And do it at less cost than the company is spending now." --William Glasser, MD, President and founder, William Glasser Institute, and author of Choice Theory and Reality Therapy "If ever there was a title that perfectly matched the content of a book, this is it. I have never experienced more a-ha's from a book in my life. One of the biggest a-ha's is that you don't build a motivated workforce--you already have one! If you manage people--and especially if you aspire to truly lead people--then this book is required reading. Rock-solid ideas from a master on motivation." --Joe Calloway, author of Work Like You're Showing Off! "An amazingly practical and

prodigiously useful resource to help create and bolster a world-class sales force, but also a blueprint for better living in general. An absolute mandatory read for all my employees, not to mention friends and family members. I don't know anyone who couldn't benefit from applying the A-HA model. The title might be more apropos if it were 'Holy cow! Where's this been my whole career?'" --Robert H. Fleet, Branch Manager, National Builder Division, Countrywide Home Loans "A-HA! Performance should be mandatory reading for every manager. Each chapter offers simple and compelling methods for building and managing a self-motivated workforce. The realistic examples presented throughout the book reinforce the steps in the A-HA model and provide the foundation for easy application to professional and personal situations." --Ann Owens, Vice President, Total Rewards Management, QUALCOMM "Avoiding a fight-or-flight reaction from an employee who needs coaching on improved performance or behavior changes requires the manager understand the employee's vested interest. Walker teaches the skills required to effectively create three wins: for the company, the employee, and the manager. It's a must-read for all leaders who want to be more proficient in getting needed performance changes from their employees by improving their own nurturing, coaching, or mentoring skills. I'm reading it for the third time and still gleaning more tips and insights. Even though it's constructed as a managerial self-help book, it's really an insightful, powerful textbook, and as such needs to be studied." --Ron Cook, National Accounts Manager, 3M

Forensic Investigator Esther McKay 2009-08-03 FORENSIC

INVESTIGATOR Geoff Bernasconi had always been passionate about his job as a policeman in rural New South Wales and, from the earliest days of his career, went the extra mile, both for victims of crime and for their families. But one night in 1984, he was called to investigate the scene of an horrific car accident in which an entire family had been wiped out – and which it was impossible for him to forget. Geoff's day-to-day working life became a catalogue of tragedies, some of which involved people close to him, and he found himself spiralling downwards in the grip of post-traumatic stress disorder. When Esther McKay, fellow forensic investigator and author of the best-selling Crime Scene, heard that Geoff has been awarded maximum compensation for his suffering, she knew immediately this was a story that needed to be told. This is a harrowing account of what it is like to work on the front-line of crime and tragedy as a forensic investigator. But it is also the inspiring story of someone who has been exposed to sights and experiences many of us can hardly even imagine, yet has emerged from the darkness to begin his journey to recovery.

Private Data and Public Value Holly Jarman 2016-02-26 This book investigates the ways in which these systems can promote public value by encouraging the disclosure and reuse of privately-held data in ways that support collective values such as environmental sustainability. Supported by funding from the National Science Foundation, the authors' research team has been working on one such system, designed to enhance

consumers ability to access information about the sustainability of the products that they buy and the supply chains that produce them. Pulled by rapidly developing technology and pushed by budget cuts, politicians and public managers are attempting to find ways to increase the public value of their actions. Policymakers are increasingly acknowledging the potential that lies in publicly disclosing more of the data that they hold, as well as incentivizing individuals and organizations to access, use, and combine it in new ways. Due to technological advances which include smarter phones, better ways to track objects and people as they travel, and more efficient data processing, it is now possible to build systems which use shared, transparent data in creative ways. The book adds to the current conversation among academics and practitioners about how to promote public value through data disclosure, focusing particularly on the roles that governments, businesses and non-profit actors can play in this process, making it of interest to both scholars and policy-makers.

*Pachinko (National Book Award Finalist)* Min Jin Lee 2017-02-07 A New York Times Top Ten Book of the Year and National Book Award finalist, Pachinko is an "extraordinary epic" of four generations of a poor Korean immigrant family as they fight to control their destiny in 20th-century Japan (San Francisco Chronicle). And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. \*Includes reading group guide\*

*Yotsuba!* Kiyohiko Azuma 2011-11-14 Hello! This is Koiwai Yotsuba, Yotsuba Koiwai...um, YOTSUBA! Yotsuba moved with Daddy to a new house from our old house waaaaaay over there! And moving's fun 'cos

people wave! (Ohhhh!!) And Yotsuba met these nice people next door and made friends to play with (one of 'em acted like one of those bad strangers Daddy told Yotsuba not to go with, but it was okay in the end). I hope we get to play a lot. And eat ice cream! And-and-and...oh yeah! You should come play with Yotsuba too!

*The Birdwoman's Palate* Laksmi Pamuntjak 2020-02 In this exhilarating culinary novel, a woman's road trip through Indonesia becomes a discovery of friendship, self, and other rare delicacies. Aruna is an epidemiologist dedicated to food and avian politics. One is heaven, the other earth. The two passions blend in unexpected ways when Aruna is asked to research a handful of isolated bird flu cases reported across Indonesia. While it's put a crimp in her aunt's West Java farm, and made her own confit de canard highly questionable, the investigation does provide an irresistible opportunity. It's the perfect excuse to get away from corrupt and corrosive Jakarta and explore the spices of the far-flung regions of the islands with her three friends: a celebrity chef, a globe-trotting "foodist," and her coworker Farish. From Medan to Surabaya, Palembang to Pontianak, Aruna and her friends have their fill of local cuisine. With every delicious dish, she discovers there's so much more to food, politics, and friendship. Now, this liberating new perspective on her country--and on her life--will push her to pursue the things she's only dreamed of doing.

*Islam and Humanities* 2019-04 However, public as well as private provision of social welfare is not a new phenomenon in the Muslim world. Whereas government and public involvement in the provision of social welfare has been haphazard, despite various attempts at direct state involvement especially in the post-colonial world, private and what might be labelled as semi-official activities, such as the establishment of pious foundations and the activities of the Sufi orders, have a solid foundation in local Muslim societies. As such, the modern concept of the Islamic state is a new one, being the outcome of scholarly debate during the twentieth century. The concept of an Islamic state was constructed as an alternative to the failure of the various secular nation-states in the Middle East during the twentieth century. *Islam and Humanities* is intended to emphasize the variety of both agents and ways to provide social welfare in Muslim societies. In addition, social welfare, as such, is both being reflected upon and debated by Muslim intellectuals. Our attempt has therefore been to capture both the theoretical as well as the actual dimension of social welfare. This book presents a discussion about a particular discourse within Islamic studies, namely the attempt to create a social welfare system through the establishment of an Islamic economy. Rich culture of Islam Inspired by the values of the friendship, cooperation and voluntary participation in the various spiritual and material activities, self-sacrifice and personal property and allocation it to public affairs and social welfare under the name of Waqf, specificity unique Islamic almshouses or social entrepreneurship in Islamic countries. The current book with micro antipathetic descriptive and

analytical approach, also intended to explain the Islamic and sustainable social entrepreneurship model for development and social welfare programs.

*A Tragic Kind of Wonderful* Eric Lindstrom 2017-02-07 In the vein of *It's Kind of a Funny Story* and *All the Bright Places*, comes a captivating, immersive exploration of life with mental illness. For sixteen-year-old Mel Hannigan, bipolar disorder makes life unpredictable. Her latest struggle is balancing her growing feelings in a new relationship with her instinct to keep everyone at arm's length. And when a former friend confronts Mel with the truth about the way their relationship ended, deeply buried secrets threaten to come out and upend her shaky equilibrium. As the walls of Mel's compartmentalized world crumble, she fears the worst--that her friends will abandon her if they learn the truth about what she's been hiding. Can Mel bring herself to risk everything to find out? In *A Tragic Kind of Wonderful*, Eric Lindstrom, author of the critically acclaimed *Not If I See You First*, examines the fear that keeps us from exposing our true selves, and the courage it takes to be loved for who we really are.

*EC Competition Law* Giorgio Monti 2007-08-06 Monti explores the development of EC competition law through an interdisciplinary approach, focusing on the political and economic considerations that affect the way the rules are interpreted. Written with competition law students in mind, it should also be of interest to undergraduate and postgraduate students of EU politics and economics.

*Creating Customer Loyalty* Manchester Open Learning 1993 Aims to help managers develop their expertise in managing products and customers by addressing such questions as: what is the product or service?; how variable are the customers?; what do customers want?; how does the company create a niche market?; and how does the company predict change?

*The Flivver King* Upton Sinclair 1999-01-01 *The Flivver King* stands among the finest of modern American historical novels. It is history as it ought to be written - from the bottom up and the top down, with monumental sensitivity to the compromise and conflict between the two extremes. Its two stories - those of Henry Ford and Ford-worker Abner Shutt, unfold side by side, indeed dialectically. They are, in the end, one story: the saga of class and culture in 'Ford-America'. Workers and bosses, flappers and Klansmen, war and depression, Prohibition outlaws and high-society parties, unions and anti-union gun thugs - few aspects of American life in the first four decades of the last century are missing from this small masterpiece. *The Flivver King* sustains the same sure grasp of working class life which characterized Sinclair's earlier classic, *The Jungle*, but much less sentimentally and with a steadier focus on how alienated work breeds not only degradation but also resistance and revolt. Originally written in 1937 to aid the United Automobile Workers' organizing drive, *The Flivver King* answers the question "Why do we need a union?" with quiet eloquence. The Charles H. Kerr Company has reissued it as a great

American novel and an important historical document, because that question has never gone away and is now more vital than ever. With an introduction from Steve Meyer.

*Wind, Water, Work* Adam Lucas 2006 This book is the most comprehensive empirical study to date of the social and technical aspects of milling during the ancient and medieval periods. Drawing on the latest archaeological evidence and historical studies, the book examines the chronological development and technical details of handmills, beast mills, watermills and windmills from the first millennium BCE to c. 1500. It discusses the many and varied uses to which mills were turned in the civilisations of Rome, China, Islam and Europe, and the many types of mill that existed. The book also includes comparative regional studies of the social and economic significance of milling, and tackles several important historiographical issues, such as whether technological stagnation was a characteristic of late Antiquity, whether there was an industrial revolution in the European Middle Ages based on waterpower, and how contemporary studies in the social shaping of technology can shed light on the study of pre-modern technology."

*In Search of Moby Dick* Tim Severin 1999 Herman Melville's novel *MOBY DICK* immortalised the concept of a battling white sperm whale, but did such a creature really exist? Acclaimed explorer and writer Tim Severin travelled to the islands of the Pacific to find out. From Nuku Hiva in the Marquesas archipelago to Pamilacan and Tonga, Severin compares myth with reality in a fascinating journey of discovery. Along the way he investigates the real extent of Melville's whaling experience, and unearths other potential sources for his famous story; encounters the extraordinary whale-jumpers, who even now make their living by leaping on the backs of whales to ram home their spears; and observes a retired harpooner re-enact the curious ballet of a kill -- transporting himself to his youth in the process, like a shaman from a forgotten age. Superb travel writing combined with personal and historical anecdote make this a hugely enjoyable and enlightening exploration of one of the ocean's enduring myths.

*CASTLE OLDSKULL Gaming Supplement ~ 1,000 Rooms of Chaos* Kent

David Kelly 2021-09-13 Eh, who goes there? Journeyman old school

Game Masters? Hoi, hoi, little mortal morsels ... let us see, let us see ... mortal distractions ... Ah, yes. And what do we find here? Why, the dark harlequin of the underworld neath Castle Oldskull, Groohlz-Drakha, has brought you his cruelest and most luscious map of the nether: Herein you will find 1,000 Rooms of Chaos, direct from the most secret lore of Darkseraphim's own Castle Oldskull. But here in this codex, which I now grant you, lieth only the names of the rooms, mind. What lurks in each chamber within? You as Game Master will imagine up the descriptions, the tricks, the treasures, the traps, and the monsters lairing within each Room of Chaos on your own. And why is that? Because you are the Game Master, and I merely the jester who leers over your creations. For this resource is intended to spark your imagination when you run out of ideas to fuel the horrors which rise to mind, which your bold adventures must face as they brave the deeps. Using my blank map, time and again, you will conjure up something stanger, something ever more riddling and disturbing, something that will make your players sit up and think and say, what is this? Are you weary of crafting room keys which read "Lair of 10 orcs, 100 gp," "A 10'x10' room, no special features," "Stairs, locked treasure chest, map to level 2," or the ever-dreaded "Stone statue in middle of room, animates when approached"? Bah. You can do better than that. And five minutes from now, you will. For this is the secret lore of Groohlz-Drahka. All hail Groohlz-Drahka the Immortal Troll King, the Ever-Replenishing Jester, Devourer of Maiden Flesh. Welcome to the 1,000 rooms of Chaos ever immortal, in excelsis. I depart. What? Something about the Old Guard Kobolds taking over level 3B south. Salute me not, mortal. Though you may laugh.

The Swan Gondola Timothy Schaffert 2015-02-03 For readers of *Water for Elephants* or *The Night Circus*, a lush and thrilling romantic fable about two lovers set against the scandalous burlesques, midnight séances, and aerial ballets of the 1898 Omaha World's Fair. On the eve of the World's Fair, Ferret Skerritt, ventriloquist by trade, con man by birth, is unsure how the fair's events will change him or his city. Omaha still has the marks of a filthy Wild West town, even as it attempts to achieve the grandeur and respectability of nearby Chicago. But when he crosses paths with the beautiful and enigmatic Cecily, his purpose shifts, and the fair becomes the backdrop to their love affair. One of a traveling troupe of actors that has descended on the city, Cecily works in the Midway's Chamber of Horrors, where she loses her head hourly on a guillotine, playing Marie Antoinette. And after closing, she rushes off, clinging protectively to a

mysterious carpetbag, never giving Ferret a second glance. But a moonlit ride on the swan gondola, a boat on the lagoon of the New White City, transforms everything when the fair's magic begins to take its effect.

A Russian Affair Anton Chekhov 2007-08-02 When Gurov sees the lady with the little dog on a windswept promenade, he knows he must have her. But she is different from his other flings – he cannot forget her ... Chekhov's stories are of lost love, love at the wrong time and love that can never be. United by the theme of love, the writings in the *Great Loves* series span over two thousand years and vastly different worlds. Readers will be introduced to love's endlessly fascinating possibilities and extremities: romantic love, platonic love, erotic love, gay love, virginal love, adulterous love, parental love, filial love, nostalgic love, unrequited love, illicit love, not to mention lost love, twisted and obsessional love...

The Human Factor in Social Capital Management Paul C. Manning 2015 Annotation Investigating the management of social capital processes as they are accomplished, understood, experienced, and shaped by owner-managers, this book argues that social capital processes are context dependent and hence cannot be fully understood within an economic understanding of rationality. Predicated on this, the contributors investigate economic and other notions of rationality in the management of social capital processes.

Chapters cover Aborigines and the 200 years of white settlement in an often controversial narrative. Clark also wrote the six-volume *TA History of Australia*. Includes notes and an index.

An Anatomy of Humor Arthur Asa Berger 2017-07-05 Humor permeates every aspect of society and has done so for thousands of years. People experience it daily through television, newspapers, literature, and contact with others. Rarely do social researchers analyze humor or try to determine what makes it such a dominating force in our lives. The types of jokes a person enjoys contribute significantly to the definition of that person as well as to the character of a given society. Arthur Asa Berger explores these and other related topics in *An Anatomy of Humor*. He shows how humor can range from the simple pun to complex plots in Elizabethan plays. Berger examines a number of topics ethnicity, race, gender, politics each with its own comic dimension. Laughter is beneficial to both our physical and mental health, according to Berger. He discerns a multiplicity of ironies that are intrinsic to the analysis of humor. He discovers as much complexity and ambiguity in a cartoon, such as Mickey Mouse, as he finds in an important piece of literature, such as *Huckleberry Finn*. *An Anatomy of Humor* is an intriguing and enjoyable read for people interested in humor and the impact of popular and mass culture on society. It will also be of interest to professionals in communication and psychologists concerned with the creative process.

A Lady of Persuasion Tessa Dare 2009-09-29 Tessa Dare spins a witty,

wanton tale of passion and conquest, as a reformer and a rake find unexpected love. Only one thing could convince Sir Tobias Aldridge, an incorrigible libertine, to profess undying fidelity to a woman he's just met. Revenge. What better way to get back at an enemy than by stealing the scoundrel's sister? Not that Toby finds it a chore, seducing a beguiling, sultry beauty freshly arrived from the West Indies. When the prize is Isabel Grayson, vengeance is doubly rewarding. Isabel is determined to marry a wealthy, powerful lord and become a lady of influence, using her rank and fortune to fight social injustice. Sir Toby, with his paltry title and infamous reputation, is unsuitable husband material—but he makes her blood race, her heart pound, and her long-buried passions come to the surface. If she can reform the charming devil, she'll get exactly what she craves: society's respect. But it's a dangerous gamble. For if Toby wins this battle of persuasion, Isabel could lose her heart.

*Throwim Way Leg* Tim Flannery 2014-12-09 Tim Flannery is a scientist of international standing, a world expert on the fauna of New Guinea with twenty new species and seven books to his credit. In *Throwim Way Leg*, he takes us into the field and on an unforgettable journey into the heart of this mysterious and uncharted country. The result is a book of wonder and excitement, brimming with marvelous stories. Flannery's scientific voyage leads him to places he never dreamed of: he camps among cannibals and befriends Femsep, a legendary warrior who led the slaughter of colonial whites decades before. He enters caves full of skeletons of long-extinct, giant marsupials, scales mountains previously untouched by Europeans, and is nearly killed when tribes people decide to take revenge for their prior mistreatment by his "clan" (wildlife scientists). And Flannery writes movingly of the fate of indigenous people in collision with the high-tech world of late-twentieth-century industry. In New Guinea pidgin, *throwim way leg* means to thrust out your leg on the first step of a long journey. Full of adventure, wit, and natural wonders, Flannery's narrative is just such a spectacular trip. Like Redmond O'Hanlon's classics *Into the Heart*

of Borneo and *No Mercy*, *Throwim Way Leg* is a tour de force of travel, anthropology, and natural history.

*Angel Creek* Linda Howard 2011-08-09 Desire came like a wildfire to the Colorado hills to claim a woman's property...and her heart. From the New York Times bestselling author of *A Lady of the West*. For five years after her father died, beautiful Dee Swann held on to Angel Creek valley and her independence. The homestead was hers, and she vowed no one else would ever own it...or her. Then Lucas Cochran came back to Colorado. In the drought-cursed high country, he needed Angel Creek and its cool water to turn his Double C ranch into the cattle dynasty he craved. His ruthless ambition guaranteed he would fight to take it away from the black-haired, green-eyed spitfire who claimed it. But the passion that blazed when Dee Swann and Lucas Cochran met shocked them both. Unbidden, unexpected, their kisses swept them toward a dangerous destiny where dreams might be scattered...men could be killed...or love would be born as wild and unfettered as this glorious frontier.

*Ecotourism* Megan Epler Wood 2002 This publication, intended as a preparatory document for the World Ecotourism Summit in Quebec, 2002, reviews the current status and trends in ecotourism globally, the challenges ahead and the lessons learned in over 15 years of ecotourism development involving a broad range of stakeholders. The document incorporates comments and suggestions from recognized academics, NGO representatives and inter-governmental agencies such as WTO, IUCN and UNEP. It provides an overview of the history and current thinking on what constitutes ecotourism, what constitutes an ecotourism experience and considers the components of successful ecotourism. The author considers the roles of various stakeholders: industry, both in originating and destination countries, NGOs, communities, women, government, development agencies and researchers. The document ends with a useful list of resource documents and organizations.
