Foundations of Shari'ah

Foundations of Shari'ah Governance of Islamic Banks Karim Ginena 2015-04-06 A practical guide for robust shari'ah governance of the Islamic banking industry Debate in the market on the extent of shari'ah compliance of Islamic banks, their products, and activities has piqued stakeholders' interest. In Foundations of Shari'ah Governance of Islamic Banks, Karim Ginena and Azhar Hamid explore the depths of shari'ah governance to unravel its mysterious dimensions, and equip academics and practitioners with a solid understanding of the subject, which has become a serious challenge and thus deserves dedicated attention. The authors make a strong case for the need to contain the shari'ah risk that Islamic banks experience, and present a compelling argument for how this should be done. Ginena and Hamid propose a robust shari'ah governance model that comprehensively tackles thisrisk, and helps improve the extent of shari'ah compliance of market players. The authors detail the internal, external, and institutional arrangements needed to promote responsible shari'ah governance, and critically analyze current laws, regulations, and industry practices on the topic. The chapters of the book do the following: Examine the roots, characteristics and objectives of shari'ah and its relation to financial dealings; Probe the role of regulators in shari'ah governance, explore the different approaches adopted by banking supervisors, and provide examples of relevant legal and regulatory measures; Explain to bank directors and management the fiduciary duty they assume with respect to shari'ah compliance, and detail how they could discharge this responsibility in line with best practices; Elaborate on the purpose of the Shari'ah Supervisory Board (SSB), its responsibilities, competence criteria, internal regulations, and key governance guidelines; additionally, they explore different SSB models; Describe the internal shari'ah control system including its six components, and examine the internal shari'ah audit function as well as different stages of conducting a shari'ah audit; Clarify the role of a shari'ah auditor, with guidance on reporting lines, scope of duties, authority, and practical ways on fulfilling tasks, such as a sample shari'ah risk assessment grid and audit checklists; Discuss the newly emerging external shari'ah advisory firms that are expected to play a key role in the coming years and the services they provide. Through an effective treatment of each of these elements, and the way that they interact with one another, the book offers a fresh take on how robust shari'ah governance of Islamic banks can be successfully accomplished. It is a comprehensive resource for academics, regulators, directors, lawyers, auditors, consultants, employees, and customers of Islamic banks interested in learning more about these challenges. This essential reading persuasively extends the discourse on the subject and addresses critical shari'ah issues that have policy implications for decision makers in jurisdictions aiming to attract the fast-growing Islamic finance industry or increase their market share.

I Will Survive Gloria Gaynor 2014-03-11 I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

12 Brilliant And Melodious Studies, Op. 105 Friedrich Burgmuller 1986-11 inch...this work is likely to become a standart work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver James>Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

Statistical Methods in Agriculture and Experimental Biology Roger Mead 2017-11-22 The third edition of this popular introductory text maintains the character that won worldwide respect for its predecessors but features a number of enhancements that broaden its scope, increase its utility, and bring the treatment thoroughly up to date. It provides complete coverage of the statistical ideas and methods essential to students in agriculture or experimental biology. In addition to covering fundamental methodology, this treatment also includes more advanced topics that the authors believe help develop an appreciation of the breadth of statistical methodology now available. The emphasis is not on mathematical detail, but on ensuring students understand why and when various methods should be used. New in the Third Edition: A chapter on the two simplest yet most important methods of multivariate analysis Increased emphasis on modern computer applications Discussions on a wider range of data types and the graphical display of data Analysis of mixed cropping experiments and on-farm experiments

Your First Leadership Job Tacy M. Byham 2015-04-20 Becoming the Very Best First-Time Leader Congratulations! You're now in charge. Perhaps it's your first time as a leader, or maybe you want to fine-tune your skills. Either way, you've begun one of the most rewarding chapters of your career. But, like many beginnings, the first few years can be challenging. Fortunately, you don't have to tackle this challenge on your own. Your First Leadership Job gives you practical advice straight from others who have walked in your shoes. Not only does it include dozens of tools to ensure your success, but it's also based on the authors' and DDI's extensive experience and research, which ultimately has led to the development of millions of leaders around the world. In fact, a quarter-million leaders will be developed this year alone via DDI training. Your First Leadership Job is divided into two sections. Part 1 introduces the concept of catalyst leader—one who sparks energy, passion, and commitment in others. Your transition to catalyst leader is a major step in your leadership journey. This book provides essential tips to put you on the catalyst path. Ultimately, leadership is about the many conversations—frequent, clear, authentic, and occasionally difficult—that you will have daily. Your First Leadership Job builds awareness of the fundamental skills you'll come to rely on to make every one of these interactions successful. Part 2 devotes 13 chapters to critical core leadership competencies, including coaching for success, hiring the best employees, turning dreaded appraisals into discussions that propel performance, and handling difficult employees. It also includes a chapter for first-time female leaders. Look at Your First Leadership Job as an indispensable companion to becoming an awesome leader—one who will make a positive, lasting impact on your team, family, and career. CASTLE OLDSKULL Gaming Supplement ~ 1,000 Rooms of Chaos Kent David Kelly 2021-09-13 Eh, who goes there? Journeyman old school Game Masters? Hoi, hoi, little mortal morsels ... let us see, let us see ... mortal distractions ... Ah, yes. And what do we find here? Why, the dark harlequin of the underworld neath Castle Oldskull, Groohlz-Drakha, has brought you his cruelest and most luscious map of the nether: Herein you will find 1,000 Rooms of Chaos, direct from the most secret lore of Darkseraphim's own Castle Oldskull. But here in this codex, which I now grant you, lieth only the names of the rooms, mind. What lurks in each chamber within? You as Game Master will imagine up the descriptions, the tricks, the treasures, the traps, and the monsters lairing within each Room of Chaos on your own. And why is that? Because you are the Game Master, and I merely the jester who leers over your creations. For this resource is intended to spark your imagination when you run out of ideas to fuel the horrors which rise to mind, which your bold adventures must face as they brave the deeps. Using my blank map, time and again, you will conjure up something stanger, something ever more riddling and disturbing, something that will make your players sit up and think and say, what is this? Are you weary of crafting room keys which read "Lair of 10 orcs, 100 gp," "A 10'x10' room, no special features," "Stairs, locked treasure chest, map to level 2," or the ever-dreaded "Stone statue in middle of room, animates when approached"? Bah. You can do better than that. And five minutes from now, you will. For this is the secret lore of Groohlz-Drakha. All hail Groohlz-Drakha the Immortal Troll King, the Ever-Replenishing Jester, Devourer of Maiden Flesh. Welcome to the 1,000 rooms of Chaos ever immortal, in excelsis. I depart. What? Something about the Old Guard Kobolds taking over level 3B south. Salute me not, mortal. Though you may laugh.

Practical Business Re-engineering Nick Obolensky 1994 Business re-engineering is usually a painful process, but the results can be dramatic.
